

APATSENI MWAYI ATSIKANA APHUNZIRE (AAMA) MALAWI

Mitigating barriers to girls' enrollment and retention in school
by building schools, boreholes, and latrines

Implementing Partner: Save the Children International, Peace Corps, Ministry of Education

USAID Investment: \$10,499,806 over four years

Contact: Radhan Cumaraswamy, rcumaraswamy@usaid.gov

**Construction of secondary schools and basic facilities
in remote locations**

- Building new classroom blocks with administrative offices and staff houses
- Constructing girls dormitories
- Adding ventilated improved pit (VIP) latrines and boreholes

**Working with the Ministry of Education,
Science, and Technology**

- Selecting sites, designing schools, and procuring contracts together

**Continuing discussions with the Government of
Malawi, other donors, and the private sector**

- Leveraging support to build onto AAMA infrastructure
