An Overview of the Development Experience Clearinghouse (DEC)

The DEC is the largest online resource for USAID-funded technical and project materials.

The DEC holds USAID's institutional memory, spanning over 50 years.

It makes nearly 200,000 items available for review or download, and continuously grows with more than 1,000 items added each month.

The DEC provides Agency staff and development partners with accurate, comprehensive, and timely information on the Agency's development experience. The DEC includes USAID-funded documentation created by the Agency and its contractors and grantees.
