

Session 8.

Introduction to the USAID Sector Environmental Guidelines (SEGs) and Related Resources

Brief presentation + demonstration

Summary

This session will familiarize participants with the ESDM and environmental compliance resources available primarily through the GEMS project Web site: www.usaidgems.org

These resources include:

- The *Sector Environmental Guidelines*
- Visual Field Guides (VFGs)
- Training Materials
- MEO Resources
- Other sector-specific resources

The session also summarizes the environmental compliance and ESDM support services available to Missions and implementing partners via USAID's GEMS program.

Objective

Review the key ESDM and environmental compliance resources introduced during the workshop.

Key Resources

- As referenced above
- GEMS Factsheet
