

COUNTERING TRANSNATIONAL CORRUPTION GRAND CHALLENGE FOR DEVELOPMENT: HOW TO GET INVOLVED

The Countering Transnational Corruption Grand Challenge for Development (CTC Grand Challenge) leverages innovation and collaboration to prevent corrupt actors from siphoning off critical resources that should be used for the public good.

THROUGH THE CTC GRAND CHALLENGE, USAID AND ITS PARTNERS ARE BUILDING COALITIONS AND SOURCING INNOVATIVE SOLUTIONS TO CURB THE THREAT OF TRANSNATIONAL CORRUPTION - NOTABLY BY DETECTING AND DISRUPTING **ILLICIT FINANCE** AND **TRAFFICKING IN COMMODITIES**, STRENGTHENING TRANSPARENCY AND ACCOUNTABILITY IN **GLOBAL SUPPLY CHAINS**; AND PROMOTING STANDARDS, PRACTICES, AND NORMS THAT ENHANCE **INTEGRITY IN THE PUBLIC AND PRIVATE SECTORS**.

Contribute Resources, Knowledge, and Expertise:

- Become a **foundational or operational partner** and provide strategy, management, and financial support for the Grand Challenge as a whole or specific Grand Challenge activities
- Elevate the thinking of new and local solver organizations, flagging **market gaps** where new products or tools developed, scaled, or replicated can make a difference
- Provide access to **data** to inform innovation and decision making
- **Amplify communications** to build the Grand Challenge network and elevate its voice
- **Identify** opportunities to transfer innovations between markets, sectors, or geographies
- **Contribute your expertise** or in-kind organizational resources to support Grand Challenge solvers and activities

Support Specific CTC Grand Challenge Activities:

- Participate in and support the facilitation of **co-creation** or other **events** for scoping and design of new Grand Challenge activities
- Serve as a **judge** to help us select new, promising tools and approaches
- Network to connect solver organizations with other industry stakeholders
- **Host an event** such as a hackathon, solver bootcamp, or innovation showcase
- Provide **activity design and implementation** support

Become a Solver:

- Apply or adapt one of your **tools or approaches** to a transnational corruption problem or develop a new one
- Harness the power of your workforce by supporting or hosting an activity within your own organization such as a **prize competition, datathon, or codefest**
- Build or join a **collective action** effort
- Respond to an **open call for innovation**

Help Solvers Grow and Scale Their Solutions:

- **Mentor** promising or winning solver organizations
- Provide targeted **technical assistance, mentorship, and/or matching funds** to support the growth and scaling of solutions sourced through the Grand Challenge
- Provide solvers access to **acceleration services, research, and testing facilities**
- **Pilot and test** the solutions in your operations

Use Our Innovations:

- Build a **market** for Grand Challenge solutions
- Incorporate solutions into your **operations**
