

Date: August 23, 2023

Ref: Guidance to USAID/Sudan Implementing Partners on Administrative Approvals

Subject: Extension of MD Determination on Evacuation through September 14, 2023

Dear USAID/Sudan Implementing Partners,

The purpose of this message is to notify you that the USAID/Sudan Mission Director has authorized a 30-day extension, through September 14, 2023, to the USAID/Sudan evacuation and related authorities which commenced o/a April 16, 2023.

Similar to the previous extension notices issued, Implementing Partners should review 1) the April 27, 2023 *Guidance to USAID/Sudan Implementing Partners on Administrative Approvals* and 2) the May 11, 2023 *Updated Guidance to USAID/Sudan Implementing Partners on Administrative Approvals*. Please note that only the existing evacuation and related authorities found in these two letters are extended for 30 days; no new approvals or authorizations have been made. Implementing Partners are reminded that allowable costs (including authorized costs related to evacuation or safety and security) are limited by the current obligated amount on their award. Implementing Partners should notify USAID of funding issues or limitations as soon as they are identified.

USAID continues to express its full support for our Implementing Partners as you support your staff and implement programming. We ask that you monitor the situation in Sudan closely and continue to provide us with information on operations and programming. All questions regarding allowability of specific costs must be addressed to the CO/AO.

If you have any additional questions related to this email, please contact your CO/AO and COR/AOR. USAID is grateful for your support and the important work you are doing at this time.

Sincerely,

Erik Singer
Contracting/Agreement Officer
USAID/Sudan
